

Texas State Convention Of NA
TSCNA
www.tscna.org

September 12, 2005

Well we have the final numbers for TSCNA III it has been another good year and we would like to thank all the members that has help make this convention possible. I will not take up a lot of your time with a long report. The advisory board held a meeting on August 13, 2005 to finalize TSCNA III which was held in Waco TX. If anyone one would like a copy of the minutes please let me know and I will make sure that you get them. We are in the process of rebuilding the website to contain past and current convention info. You can presently get the minutes for TSCNA IV which will be held in Fort Worth TX in 2006 from the website. If anyone is interested in bidding for the convention you can contact any member of the convention committee or any member of the Advisory Board. TSCNA IV is making good progress if anyone group, area or region is interested in hosting a fundraiser for the convention please contact the convention chair Steve K. @ 817-944-3270 or email him @ step12345678910@hotmail.com.

It has been our hope that the convention is helping further our primary purpose. As stated in our first tradition "Our common welfare should come first; personal recovery depends on N.A. unity." So with this in mind the Advisory Board has created and is asking each region for a liaison to sit on the board as a voting member. As of August 13, 2005 two regions are currently participating as voting members. Each year the current convention chair and treasure has the opportunity to move to the Advisory Board. The board also has members from the N.A. community as well. The time is approaching for some of us to rotate off as our commitment will be completed. However the convention is still growing and in need of willing trusted servants. Over the past years the convention has demonstrated the need and has fulfilled that need for many addicts. If you would like more info about the convention please feel free to contact us.

The financial statements for the month ending June 30, 2005, as prepared by the corporation's Officers, were approved.
